## Online Nurse Upskilling Module

Using clinical literature provided by Columbia Asia, Generation has designed an immersive online learning experience to enable nurse upskilling across the identified areas. The module comprises of:

**90% video-based learning**

**10% Assessment**

# We offering to the Hospital Partners

A self-paced Online upskilling module of 3.5 hours duration for nurses and other support staff, as required.

A widely accessible course that remains available at the Hospital Learning Management System or e-skills Portal for consumption by the nurses

At the end of this course, the participants would receive a Course Completion Certificate

The course/program is free of cost.

# THANK YOU

**BHARTIYA SAMAJ KALYAN AVOM GRAMIN VIKAS SANSTHAN**
